

Battery 1" Rail Drill 910212

INNOVATIVE DESIGNS FROM RACINE RAILROAD PRODUCTS

Ergonomic & Versatile

The portable Battery Rail Drill unique features make it the perfect solution for easy and accurate bolt hole drilling.

- Advance handle design makes drilling easy.
- Simple ON/OFF switch and easy manual advance lever.
- Dual speed control for annular and bonding wire bits.
- No issues using in heavy rain.
- Drill 60 – 141 lb rail with custom rail shoes (sold separately).

Lightweight & Powerful

- Weighing 35 lbs with battery, this impact wrench will reduce operator fatigue.
- 270 rpm arbor speed.
- Drilling times under <20 seconds.
- Quick connect / disconnect 1" to 1.5" diameter holes.

Specifications

Chuck – 270 rpm	3/4" Quick Disconnect
Dimensions	21" L x 6" W x 13" H
Weight	35 lbs (with Battery)
Battery Type	Lithium Ion 12Ah
Battery Voltage	36 VDC
Charger Voltage	120 VAC
Battery Life Indicator	Standard LED Display

Use the Battery Rail Drill for drilling clean, accurately positioned holes in rail sections on standard rail.

Additional Features

- Clamp can be disengaged in <1 second for emergency situations.
- Specifically designed for railroad applications / environment.
- Pressurized coolant bottle included.
- 2.5 hour charge time from 0 – 100% (depending on conditions).
- Up to 2 months battery storage without service.
- Comes with 1 charger with standard 120 VAC.
- Comes with molded durable plastic carrying case for easy transportation and storage.
