

1" Hydraulic Impact Wrench 910088

INNOVATIVE DESIGNS FROM RACINE RAILROAD PRODUCTS

Powerful and Efficient

The 1" Hydraulic Impact Wrench uses an efficient hydraulic motor and heavy-duty impact mechanism to produce 2800 ft-lbs of torque.

Operator Comfort

- Cushion grips maintain low torque and low vibration transfer towards the operator.
- Heat transfer is lessened with remote handholds.
- Unique front swing handle for vertical or horizontal operation.

Easy Serviceability

- Maintenance is easy with standard grease fittings for lubrication of the impact mechanism (without removing the impact assembly).

Specifications

Frame Type	Aluminum
Circuit	10 GPM @ 2000 PSI
Motor	Hydraulic
Weight	26 lbs
Length	14.25 inches
Width	7 inches
Height	8.75 inches
